Modern Family Oasis Home Amongst The Tree Tops

As you arrive through the remote gated entrance, on the sealed blue stone edged driveway, this secluded oasis on just under 1 acre welcomes you to the picture-perfect weatherboard look, fibre cement clad home. Upon entry, you are met with the beautiful Eucalyptus solid timber flooring and on-trend colours throughout the home. There is natural light seeping through every double-glazed casement window framing the soaring gumtrees and landscaped native Australasian gardens. Your only neighbours and frequent visitors are the friendly Kookaburras and King Parrots. Perfectly designed and immaculately maintained for any growing family the floorplan oozes quality and design with built in bespoke cabinetry, velux skylights and high-end fixtures and fittings. Spanning over 2 levels, with 3 oversized bedrooms, a study for your working from home options and 3 separate spacious zoned living areas. Access from the family area to the elevated covered decked alfresco, gives you a sanctuary to enjoy the outdoor space whilst being so close to nature in a peaceful haven. Internally you will enjoy all the mod cons you would expect, double ovens, European appliances, double glazing, hydronic heating, evaporative cooling and a coonarra fireplace for year-round comfort. The self-contained 4th bedroom and living area with full ensuite and laundry/kitchenette is ideal for any long staying guest or family member.

A double garage, complimented with 2 storage sheds, veggie patch, children's cubby and play ground and ample driveway parking. Town water and gas for your convenience complete this superb hard to find package.

Ideally located in the heart of Tecoma, a 10min walk to Belgrave and a stone's throw to Sherbrook Forest it's a location of convenience. A property of this calibre is hard to find, so book your inspection today.
