Character cottage in town

A 3 x 1 country cottage presents a great first home, investment property or ideal for the downsizer, positioned in an elevated position on a corner block of 996 sqm. The home has country appeal and presents personality in its style, complimented by timber accents which creates a true cottage feel, leave the warmth of the wood, or consider painting it to add another textured layer.

The large living room with a picture-perfect view to watch the birdlife out the front window adjoins the kitchen, within an open plan concept which is made for sharing, coming together, and spilling over to the adjacent dining space. Sliding doors take you out to the undercover patio area. Supported with three bedrooms that are all of a good size and enjoy a lovely outlook onto the green surrounds and share the updated bathroom.

The property is situated in town and the yard is undulating with areas of planted bushes and gardens and a 'cute as a button garden shed.' Embellish what is already here and this will be a delightful garden retreat and together with the cottage character, a charming place to be in beautiful Bridgetown!
