The owners of this immaculately presented solar powered family home have carved out their own space and filled it with native, bird attracting plants that are thriving and adding a splash of colour to this modern abode. Set back from the street on a slight elevation, the home captures the breezes and has a vantage point over the other homes towards the native bushland belt beyond the court. Across the face is more native gardens and open front lawns perfect for the kids to play. There is a double garage that also houses the laundry amenities with a door through to the home and to the side yard with the mounted clothes line. Inside are three bedrooms, 2 with a built in robe and the master with a walk in robe and ensuite bathroom. Both bathrooms are modern and well designed with a timeless finish. Open plan living and dining areas have twin sets of sliding doors that open onto the verandah for effortless flow from indoors to out. The kitchen is modern and gorgeous with stone counters and a walk in pantry along with plenty of prep areas to work from and a breakfast bar as well. Outside the home has a retaining wall and a sloped garden bed which is fully irrigated and housing the native plants that are in full bloom attracting the birds, bees and butterfly's to stay awhile – the kids will adore sitting outside and watching the nature flutter about.
