One Acre with Pool Near Beach

Beach-side living on a huge block with heaps of room for a caravan, a boat and the shed of your dreams; this property will change the way you live.

That's right, if you want a big block of over an acre in a bush setting with water views and heaps of flat land for a big shed then this property is a must see.

Set on a peaceful 4,918sq m block backing onto bushland and with ocean views from a massive deck, this property has large outdoor areas and plenty of room for parking caravans, boats and other vehicles.

Located in the friendly modern street of Blue Beach Boulevard, the property combines a residential setting with a native bushland backdrop and easy access to the beach.

The huge deck offers an outdoor lifestyle that's next-level; whether it is morning coffees, afternoon drinks, a weekend barbie or al fresco dining looking out to the sea.

Of course, there's also the in-ground pool and cabana that ensures you get to make the most of the weather we love in coastal Queensland.

The freshly painted house has new vinyl planking. And there is a recently installed 7.77 kw solar system which will help reduce those power bills and is linked to seven batteries that offer an amazing energy storage system.

Some of the other features of this three-bedroom, two-bathroom property include:

- Big kitchen with gas stove, new dishwasher and breakfast bar overlooking large open-plan, air-conditioned family room with lounge and dining areas
- Three-bedrooms, all of which have fans and built-in wardrobes and two have air-conditioning
- The main bedroom has an ensuite with a huge window that looks out to the surrounding bushland
- Main bathroom
- Laundry with heaps of storage
- In-ground pool
- Long concrete driveway that takes you from the roadside up to the house

This property has an abundance of space so you can finally put in the shed of your dreams with the dimensions you need to accommodate your caravan, boat and other vehicles.

If you want space, tranquility, privacy, a beachside setting and want something with the potential to create even more features then give David Fisher a call to arrange an inspection.
