\$895,000

A fantastic opportunity on titled land to build your dream home. An ideal home for first home buyers and downsizers the Calderwood has been carefully designed to offer maximum comfort and privacy for the whole family. Cleverly designed to suit narrow lots, this home provides four bedrooms that are well separated throughout the home, including the private master suite with its own ensuite and walk-in robe. Bedrooms two and three share a central main bathroom with separate WC, while the fourth bedroom is perfectly positioned to host guests or be converted into a spacious media or lounge room. The open-plan family living area at the rear is ideal for entertaining, with a stylish kitchen, island bench, dining area and easy access to a covered outdoor living space. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Calderwood design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the side of the home, providing sustainable and comfortable living conditions throughout the year. Note: We reserve the right to modify or withdraw specifications and prices without notice. The pricing provided are estimates only and subject to adjustment. Pricing is based on standard inclusions and site cost allowances. House design and pricing are subject to site related documentation, engineering and energy reports, upgrades related to a bushfire management overlay, planning and building permits. Price and availability of 3rd party land is subject to change without notice. All floorplans, facade images, and photographs are for illustrative purposes only and may not represent the final product. For details on inclusions, please contact our Building and Design Consultant.
