A Great Start

A delightful property tucked away in a cul-de-sac, private, but in a super popular bustling suburb, minutes away from schools, a university, the Botanical Gardens, leisure centres and a number of shopping centres.

This single storey 3 bedroom home on a well sized 595m² block would suit a first home buyer, family, or investor. With established gardens and a small gate, the front of the home offers a large driveway to park multiple vehicles and leading to a double carport with access to the backyard.

The three bedrooms are of ample size, all with large scale windows. The bathroom is original and includes a shower and bathtub, separate toilet, as well as separate laundry.

The flooring is a mixture of timber and tiling throughout the home. With the kitchen having numerous low level cabinets and a gas cooktop. The living room also has an integral internal flue fireplace, perfect for cosy winter evenings.

This kitchen also has a large window above the bench space, filling the room with natural light, and views of the large grassed backyard, ideal for gatherings with family and friends.

This home is an ideal canvas for a reno, live in or flip. Located in a peaceful cul-de-sac situated in a great suburb, for busy families with close walking distance to public transport and less than a five minute drive to M5 motorway. This location shouldn't need a second thought.
