\$849,000

One of Braidwoods older cottages with a 2024 upgrade. The owners have done a fantastic job with this renovation and it is now ready for you to move in. The home features three bedrooms with built-ins plus a study, front living room, combined kitchen dining area with a walk in pantry. The original chimneys aren't in operation but the house has a brand new Fujitsu ducted reverse cycle system throughout keeping you comfortable all year round. Outside, you'll find a good size deck perfect for enjoying your morning coffee or hosting a summer barbecue. The yard is spacious and well-maintained with plenty of room for kids or pets to play. The yard is approx 1023 Sq mtrs and features the original stables complete with loft area and the old hand cut timber slabs around the bottom walls. The original well is situated at the rear of the block and could be plumbed for the garden and beside the house is the fully rebuilt coal shed originally used when the property had the Blacksmith shop which has been repurposed as a double carport. Check for open homes times or book your private inspection for a time that's convenient to you.
