\$1,400,000

Showcasing resort style amenities in a treasured pocket of the prestigious and convenient Jacksons Creek Estate, this exceptional family home on 1,507 m² (approx.) is perfection realised – all across one glorious level! Framed by a romantic established garden with high-stemmed roses and meticulous landscaping, the home presents an inviting front veranda and entry portico, where an impressive front door with a transom window opens to a foyer with a 10-foot high raised tray ceiling – just one of the many architectural focal points that add to the sophisticated ambience of this incredible home. The living area is enclosable, allowing for flexible formality, while the open plan kitchen, dining, and family areas feature a Hamptons Kitchen with waterfall edge stone benchtops, Shaker style cabinetry with soft-close drawers, a tiled splashback, and a freestanding island with excellent seating for casual meals. This extremely well-planned kitchen boasts exceptional storage, a fitted pantry, and stainless steel appliances, including a Miele dishwasher, 900mm oven, and 5-burner cooktop. The family room opens to uninterrupted elevated district and valley views to Mount Gisborne. A large covered outdoor entertaining deck with a bar and 52" Sony TV with a hardwood cabinet provides the perfect space for alfresco dining and relaxation. Semi-enclosable via remote-controlled bistro blinds, this area wraps around to a 2nd covered outdoor entertaining area off the living room. For winter gatherings there's a warming fire pit area (fire pit included) with built-in timber seating, while summertime beckons a dive into the (fully fenced) 12m x 4.5m solar-heated salt-chlorinated pool with spa. Privacy is guaranteed by thick hedges, creating a tranquil oasis for family fun, plus there's built-in poolside seating, a day bed, and a pool cabana. Generous accommodation includes a main bedroom boasting extra-height double doors, a retreat/sitting area with a trio of bay windows, a walk-in robe, and a glorious fully tiled ensuite with a floating double vanity, raised bowls, a recessed frameless glass walk-in shower, and plantation shutters. The main bathroom reflects the same fully tiled attention to detail and features an indulgent bathtub. Other features include automated gated rear driveway access off Mill Road, a shed/2-car garage with epoxy flooring and bollards to one, ample gated driveway parking for a caravan/boat, an integrated oversized remote-controlled double garage with epoxy flooring and brilliant wall-to-wall custom storage, ducted heating, evaporative cooling, reverse cycle air conditioning, a wood-fuelled heater, blade ceiling fans, a fully irrigated greenhouse, 24,000-litre water tank, internal laundry, hardwired CCTV security, high ceilings, bamboo flooring, and more. Poised for the highest standard of family living, this absolute gem is situated within walking distance of Gisborne village shops, supermarkets, cafes, and sports facilities, while being close to schools and freeway access. A premium offering for those who appreciate quality, privacy, resort-style amenities, and stunning views.
