LANDSCAPED PARADISE

A breathtaking masterpiece that's ready to grace the pages of a design magazine, this exquisite home provides paradise for entertainers with a stylish interior and landscaped garden backdrop that's quite simply one of the best in Melbourne.

Smartly configured across a split-level layout, the home's entry level encompasses the living zones, with modern flooring underfoot and the brilliance of a formal lounge room boasting a cathedral ceiling, warming fireplace and a picture window that frames those exceptional garden views.

The open plan kitchen, dining and family room are spacious and incorporate stone benches, sleek timber paneling, Westinghouse induction stove, 900mm DeLonghi oven, LG dishwasher plus a water point for your fridge.

Enticing you outside, sliding doors open onto a paved and covered alfresco zone with steps leading up to an arbour sundeck boasting picturesque surrounds including trickling water features, fishponds and lush landscaping that needs to be seen to be believed.

Enjoying its own level, the master suite is fabulous and features built-in-ropes, a walk-in-robe, dual vanity ensuite plus a balcony with mountain views, while the ground floor includes three robed bedrooms, a sleek family bathroom plus a stylish laundry with generous benches and storage.

Quality equipped with solar panels, ducted heating, evaporative cooling, ducted vacuum, water tank, garden sheds, double carport, caravan parking space plus a trailer parking area.

Enjoy a lifestyle like no other, moments from Boronia K-12 College, Boronia Junction, Boronia Train Station, buses and parkland, whilst only a short drive to the delights of the Dandenong Ranges and the benefits of Westfield Knox and EastLink.
