A stylish, edgy three-bedroom home, the Belmore is designed for narrow sites and features an inviting open plan layout with the added conveniences of a double garage, study, and outdoor covered alfresco allowing for space, privacy and entertaining. The kitchen and walk-in pantry are at the centre of the home with family and dining spaces either side which elegantly extends to the outdoors providing space to enjoy with family and friends. Thoughtfully created for practical living, the bedrooms are privately positioned, with the master suite to the rear. A laundry with walk in linen cupboard is a welcome addition. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Belmore design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the side & rear of the home, providing sustainable and comfortable living conditions throughout the year.
