The mix of brick, cladding and render is a perfect combination and can be enjoyed fully from the street thanks to a low-upkeep yet beautiful native front garden. A wide driveway rises gently to a remote-entry double garage which has been fully tiled for added versatility. Inside, honey-toned vinyl plank floors span a high-ceilinged and largely open-plan lower level, the hub of which is the combined kitchen, living and dining area at the rear. Air-conditioned and fan-cooled, and with the option to capture insect-free breezes through two sets of screened sliders onto the covered entertaining patio, this will be the go-to gathering space for the family and when friends come round - every day of the year! The kitchen is a stunner and so functional too with its big walk-in pantry and recess for a side-by-side fridge/freezer. Two chic pendant lights hover above an island dining bar that can easily fit three stools for casual meals and coffee catchups, houses hidden powerpoints for charging phones/iPads, and a dual sink with gooseneck tapware. The stone benchtops and cabinetry are all sleek and white with no handles on the upper joinery. While cooking up a storm at the big electric cooktop or under-bench oven, the cook can take in calming views of a green wall running the length of the window-style splashback which happens to be the sweet-smelling jasmine found throughout the backyard. Upstairs, there's an air-conditioned plush carpeted second living area at the top of the landing - a perfect spot for the kids to hang out when adults are entertaining below. The property consists of large Mitsubishi heavy duty A/C throughout to provide controlled living environments throughout all 4 seasons. The chic plantation shutters in here are echoed in several other areas including bathrooms and the showstopping master retreat. One of five bedrooms in all, four being on the carpeted upper level and one below with vinyl plank floors and access to the downstairs bathroom, the master overlooks the street through luxe curtains and plantation shutters and has a walk-in robe and elegantly tiled ensuite with a massive shower enclosure and twin over-counter circular basins within a floating vanity. The other two bathrooms, one up with a divine bathtub and another down, are equally lush. With nothing to do but move into this beautiful abode, and little landscaping maintenance to contend with once you do, this home is all about enjoying the best of life with your family and friends in an exciting and evolving pocket of the southside.
