You will take a walk back in time to the days of tongue & groove walls, high ceilings and beautiful polished timber floors when you enter this lovely cottage. Those features blend extremely well with modern day life and needs, such as an ensuite, open plan dining, kitchen and outdoor living, air conditioning and security screens. The front verandah provides an old world touch that is only accentuated by the wooden frame doors leading into the living area of the home. A past renovation has given definition to a separate lounge that opens onto the dining area. Walking through the home, past the kitchen you will find a large enclosed area that houses the laundry and a spacious separate sitting/rumpus room. The jewel in the crown, though, is the huge tiled, covered entertaining area that overlooks the swimming pool. Perfect for family get togethers and Christmas parties. There is still enough grassed area left for children to play or the family pooch to run around. A two bay shed provides secure parking for vehicles and there is easy access from the shed to the patio. Currently tenanted until early November.
