\$660,000

Comfortably presented this four-bedroom home offers a clever design with living space and outdoor area north facing. There is an abundance of space for the kids with two living areas provided, master wing at the front of the home and remaining bedrooms at the rear. With two wood fires this home offers a coziness and nostalgic feel. Step outside to a large yard, huge shed and rear lane access for all those extra boats, trailers and or caravans. Realise your dream of living only steps away from Lake Mulwala with the long-term upswing of renovating or redeveloping in future years.
