This 4 bedroom home is ideal for the family wanting shedding and room to move. The central kitchen overlooks the rear decked area and adjoins the living room. There is fresh paint and new carpet throughout the majority of the home. 2 of the 4 bedrooms have built in robes. There is a good sized undercover entertaining area at the rear of the home. Being a corner block there is side access to the rear yard and handy shed. The large carport area is perfect for the family wanting heaps of storage or a large undercover entertaining area.
