The owners have renovated this much loved family home with style and sophistication, while keeping the original soul. Be welcomed from first sight by the grand gardens and warmth of the entryway which flows effortlessly through the kitchen, formal dining, into the casual dining and lounge and out onto the gorgeous pool. Downstairs offers additional room and semi-ensuite that can be used as home office / study, or au pairs quarters, while upstairs offers 2 very good sized bedrooms serviced by the master bathroom with separate bath and shower. The master bedroom retreat over looks the north sun and gardens from the sitting area and also offers ensuite. Outdoors is centred around the entertaining area and the pool, where you will love spending lazy afternoons and evenings watching the setting sun. Pool maintenance and gardening costs charged separately. Inspections as scheduled or by appointment.
