Offers over \$695,000

This Federation style home is located in the main street of Swansea, close to shops, eateries, and the school, with the beach just across the road. The property offers 3 large bedrooms, separate living room with open fireplace, separate dining room with open fireplace, and a kitchen that was designed for the modern person in mind, having a pantry room, open fireplace and 2 serving windows that open into the dining room. The bathroom, separate toilet and laundry area are in the back of the house. The house has an extra wide hallway that allows an uninterrupted flow from the back to the front door, and amazing pressed tin ceilings throughout. Outside features are a large 5 car garage and workshop as well as another 4 roomed office area that fronts onto Franklin Street. The residence sits on the front of the allotment, leaving the back area open for another shed, a garage or an ideal place for a market garden. The possibilities are endless with the location and the land area of this property, and if you can see the potential in the house, this property could be amazing.
