WATERFRONT, RAINFOREST OPPORTUNITY

This magical block has been lovingly nurtured to create a space of natural beauty. A large portion has been transformed with removable, timber walkways, glamping tents and other structures designed for extended family to visit and enjoy. The walkways wander to the waterfront where fish and crabs abound amongst the pristine, mangrove waters. The sale includes the plans for the three storey home that was to be built at the front of the block with swimming pool and pool house. The massive sandstone retaining wall sits idly waiting to support the magnificent structure. This is an incredible property that awaits an adventurer to complete.
