\$660,000-\$720,000

There's something for everyone here, in addition to the lake, rivers and forests within easy reach. A lovely light filled 3 bedroom home with a wood fire and reverse cycle air-conditioning, plus an awesome verandah and entertaining deck. It's very private nestled behind the trees so you can relax in the sun without a care in the world. The native parrots do drop in to say hello, but generally no paparazzi! And then there's the shed...it's pretty much the same size as the house; 12 metres x 7.5 metres with high clearance roller doors, concrete floor and power including a 15 amp outlet. If that's not enough...you're just greedy! But there is another 3 x 3 storage shed, and a massive grid connected solar system to keep your power bills at bay. All of this is a short stroll to the Jamieson and Goulburn Rivers, just a little further to the Jamieson General Store, cafe and hotel and few minutes drive to the local brewery and Lake Eildon. Best not to go via the brewery to the boat ramp though as their beers are very tasty! Send us a message and we can send you some more photos...or better still come and have a look for yourself. But be warned: you might not want to leave!
