Block Value !! In prime location

This property is in a prime location. Ready to knock down and rebuild :)

It has been priced as block value as we feel its probably seen some of its better days but if your savy enough in the renovating department you may see this as a great challange to bring it back to its former glory.

We wish anyone coming for an inspection to come with eyes wide open (or preferably closed) But either way be open to imagining a beautiful home being on this block.

To arrange a time for me to escort you through the rooms of former glory please contact Samantha Arthur on 0428831891
