ONE OF THE NEATEST HOMES YOU'LL EVER SEE.

Once you make the time to inspect this home you won't look at anything else. This brick veneer home features 3 bedrooms all with BIR's and ceiling fans, renovated kitchen with electric appliances and plenty of storage, modern bathroom, the convenience of a second shower and toilet, comfortable lounge, split systems and a east facing sunroom. Outside you'll find a carport that fits 2 cars end to end, a single garage plus workshop, solar hot water, solar power and the choice between running the house on mains or tank water. The property is well fenced and really only has 1 neighbour. The township of Woomelang doesn't have sewerage but you use a septic system. If you are looking to move into a small friendly community then you can't go past this property, inspections are by appointment via the sales agent.
