Sought after South Bunbury

South Bunbury has long been sought after by retirees... walking distance to the beach, the "big swamp", the Bunbury Wildlife Park, and just beyond that, the Bunbury City Plaza, for all your shopping needs.

3A Seashore Mews is so close to the ocean and sure to be appreciated, this street is well known but the home even more so, as this end of the street was developed years after the original development, unlike the rest of the street, which was mainly built in the late 90s, this one is more modern built in 2000, resting on a spacious 384 m²* block and has its own space.

Resting at the end of the cul-de-sac the driveway leads straight into your double garage. With three spacious bedrooms, built-in robes, carpeted floors, and boasting two bathrooms as well.

Offering two living areas, a separate lounge at the front of the home, a spacious open planned living area with family meals overlooked by the kitchen, and access to the alfresco outside, with the new addition of shade sales for shelter in the summer.

Reverse cycle air-conditioning offers year-round comfort and with the ocean so close, you'll fall asleep at night to the sound of the waves crashing on the sand. A stunning home that has everything you could want, and the location is something to write home about.
