Don't miss this one

This delightful three bedroom home will suit the most meticulous buyer in every way. Particularly well looked after, the bedrooms are a really good size, the Blackwood kitchen is spacious and includes a pantry and the floors in the lounge and kitchen has been lined with Myrtle planking which gives it a great modern look and is easy to clean. At the rear of the home is a lovely sunroom or TV room designed to capture the afternoon sun whilst overlooking the rear yard. Storage is well catered for with two garden sheds, a lock up garage and carport all behind secure gates.
