A divine touch of the Hamptons

Boasting a beautiful Hamptons silhouette, this exquisite five bedroom, five bathroom residence reflects a perfectionist's approach to luxurious design.

Crisp white plantation shutters, high ceilings and shimmering large-form floor tiles make an immediate impression, as does the warmly inviting gas log fire that graces the gorgeous lounge room. There are two perfect rooms for quiet relaxation – the stylish front study and the upstairs retreat. Come together with family in the rear rumpus/media room where you can watch the latest movies.

The vast design of the open-plan dining and family room is accompanied by a gourmet kitchen with a large stone island, butler's pantry, walk-in pantry and Smeg/Blanco appliances. A dream for any host, large-scale entertaining is easy here, or out via tri-slide glazing to the under-cover alfresco and sunny open deck.

Parents can choose from two master bedrooms, one on each level and featuring walk-in robes and fully-tiled dual vanity ensuites with free-standing tubs.

On a tree-lined street between Hartwell Sports Ground and Burwood Reserve, stroll to Burwood Village, the city-bound train, Hartwell Primary School and the tram to Presbyterian Ladies' College and Deakin University.
