NICE QUIET LOCATION AND GREAT OUTDOORS

Built in 1989 on a secluded approximately 954 sqm irregular shaped allotment this home offers a grand floor plan with high ceilings, an impressive light filled entrance foyer and a private open air paved outdoor area sheltered from the elements that invites the outside living area inside to continue that feeling that the whole property presents "a sense of space and solitude"

There are 4 well sized bedrooms set away from the main living areas, master with built in robes and a separate oversized fully tiled ensuite with spa, separate shower and vanity and built in robes to the other 3 spacious bedrooms.

To the heart of the home is a generous kitchen open plan casual dining area with tall ceilings , two separate lounge living areas both very substantial in size and a spacious laundry with built in storage.

Additional features of this home that with certainly impress is firstly the design 'big bold and open plan' with lots of space and good natural lighting throughout.

There is a Double brick garage accessed from the front street and a large shed / workshop with an underground cellar a section of the grounds ideal for the dog to run and a low maintenance but attractive frontage.

The home is serviced by 2 split system air conditioners, mains gas hot water and heating, a 5kw solar panel, dishwasher to the kitchen and a rainwater tank sized cellar.

A rare and unique property perfectly sized for the whole family in a nice quiet location

Currently tenanted @ \$450.00 per week until 20 January 2025.
