Don't make your mind up from a "drive by". Located in a long established, tightly held avenue in one of Lakewood's original streets. Neat cul-de-sac and just a couple of doors down from established reserve. Two well proportioned, separately defined internal living areas. Formal lounge/dining plus a spacious, sun drenched family room and kitchen which overlooks the superbly maintained back yard. Combustion heater plus split-system air. One step onwards to enter a fully screened indoor/outdoor zone which services virtually the north east face of the dwelling and leads to an outdoor pergola, perfect for a morning coffee. Three generously sized bedrooms, all built-in, feature bathroom and two wc's. The only steps are at the front entry, the rest is level. Covered access from garage to living. Inspect and be impressed.
