Set in a quiet, tree-lined street, this charming family home offers 3 bedrooms, a brand new bathroom and a great-sized kitchen. A throwback to the 1970s, it features polished hardwood floors, big windows, separate living and dining room and a cool outdoor entertaining area. The kitchen represents simply cooking and cleanup, with an easy-clean electric cooktop, dishwasher and dual bowl sink. A wall oven, appliance cupboard and pantry are additional features, and you'll love the island bench, which provides more bench space. L-shaped and spacious, the living room opens to the covered patio, a weather-friendly outdoor entertaining space that's flanked by a lovely lawn. At the back of the house, the laundry opens to the fully fenced and private backyard, a great play space for kids or picnic spot for when guests come over. Back inside, the three bedrooms are larger than average and all have built-in wardrobes. You'll love the new bathroom, with its floor-to-ceiling tiles in the large shower recess, and vanity with plenty of storage. The toilet is conveniently separate. Downstairs is a multipurpose room that can be used as a home office, playroom, billiard room, home gym or man cave.
