## **Auction**

Due to work commitments, my vendor reluctantly needs this property sold and this opens the door to a brilliant opportunity to secure this individually titled 2 bedroom townhouse. Just a little larger than most, this property offers a separate living area, spacious light filled kitchen and meals as well as a stylish bathroom servicing the two bedrooms with floor to ceiling wardrobes. The single lock up garage has direct house access for the security conscious and the private north facing backyard is ideal for a young family or pets. This one is certainly one to pop on the shopping list!
