This charm-filled weatherboard, just a few minutes from all the delights of Hurstbridge Village delivers timeless appeal through a harmonious blend of classic features and everyday comfort. It is perfect for first-home buyers, young families, or investors. Fresh paint and glossy, just polished timber floors provide the ideal introduction to an impeccable interior that starts with a generously proportioned living-dining area anchored by a woodfire heater and extends to a timber kitchen appointed with a quality 600mm stainless steel cooker. Sliding doors provide a seamless connection to the recently completed deck. Covered and stretching the entire width of the house, it provides all-weather spaces with enough room for cooking, lounging, and dining, overlooking the deep and wide rear yard. Three well-proportioned bedrooms easily meet accommodation requirements. Finished with polished timber floors and thoughtfully zoned from the living and entertainment spaces, they share a spacious bathroom with a corner bath for added comfort.
