A resounding statement in luxury living, this 12-year old custom built 60 square (approx.) showpiece sets a new benchmark in designer distinction. With its dramatic front entrance facing Parkhill Crt, this palm-fringed oasis dazzles with high gloss porcelain tiles, a resort style waterfall pool with outdoor kitchen, shower, and poolside powder room and three levels of lavish contemporary living space including walk in robes to each of the 5 king sized bedrooms, and a spectacular terrace casting views across the mountains. Entertainers will relish a stunning hostess kitchen featuring the European De Deitrich appliance suite, a second kitchen/butler's pantry sized to fit a double fridge and a unique temperature-controlled cellar and kitchenette to house 1500 wine bottles. Car enthusiasts and tinkers will appreciate the 5-car garage and workshop, 3-phase power, security alarm, while aficionados of fine design will adore the glamorous minimalist styling accented in ornate metallic - bathrooms which look like spa sanctuaries, and an outdoor entertainment space which serves as a tropical paradise. LED lights, 5kw solar panels and 6000L of plumbed water tanks, this is the home to move your family to new generation living in a high-rise position close to Westfield Knox, The Knox School, Waverley Christian College and the 'city to coast' Eastlink connection.
