Move your business, or move in. With just a little grease this town centre home could be lucrative. Zoned as 'District Centre', this 3 bedroom home is in need of a little love to return to its former glory. It offers a great opportunity to renovate as office space, with lots of storage, or renew for the family home. The floor coverings have been removed, the walls need a paint, and the new kitchen benches are stored in the workshop out back. Bring out your creative side and she's looking good again. This is a very well built brick structure with a single garage, sunroom and extensive rear patio. In the backyard is a near new, powered 10m x 8 m high clearance shed adjacent the original lockable workshop. The bedrooms are spacious, with built-ins, and lots of storage for the kitchen. AND, around 6kw of solar on the roof. A must see for the home handyman or wanting a new home for your business. We do not accept responsibility for the accuracy of any information.
