## **Elegant Family Living at its Finest**

Radiating with timeless sophistication and touched with a complementing modern vogue, this stunning 4-bedroom plus study Boutique built home showcases a space primed for elegant family living in one of Wollert's most desired family locations.

Its contemporary facade sets an immaculate precedent for its vibrant interior, where a crisp colour palette and an abundance of modern touches underscore its revitalised aesthetic. Its foremost lounge stands separate from a sunfilled family and dining design, where the stunning kitchen balances stylish form with high-quality functionality with ILVE 900 mm appliances and a butler's pantry.

The covered alfresco area extends the indoors out to an entertaining space friends and family will love, spreading to a huge faux grass yard perfect for little imaginations. The main bedroom boasts a walk-in robe, a make-up niche and a stylish stone-topped ensuite, zoned from three additional robed bedrooms, and a home office ideal for those working from home.

The addition of ducted heating, split-system air conditioning, evaporative cooling, engineered Oak floors, plush carpets, premium window furnishings and light fixtures, and a double garage enhance this beautiful home beyond compare, positioned for peaceful enjoyment just moments from Edgars Creek and Wollert primary and secondary schools, Aurora Village, public transport, and easy freeway access.
