Surrounded with privacy by established trees, providing a peaceful rural sanctuary, this unique family home spans over two levels. The ground level includes a spacious open-plan living room that flows seamlessly into a well-appointed kitchen. The kitchen boasts a breakfast bar, ample storage, and glossy finishes. This level also provides two generous bedrooms with built-in robes and a main bathroom with both a shower and bath. A feature timber staircase winds to the upper level, where you'll find a second open-plan living room with raked ceilings and a sliding glass door opening onto the covered timber deck. From here, you can enjoy the vista of the Broadwater estuary and the nearby hinterland. This level also includes a further two bedrooms with built-in robes and raked ceilings, as well as a second full bathroom. The property offers even more: a dam, double garage, three carports, four water tanks, a sealed driveway, and much more. Despite being only 25 minutes from coastal beaches and 20 minutes from the river town of Maclean, this fantastic property feels miles from anywhere. If a rural lifestyle is what you're after, this property is a must-see.
