## **Absolutely nothing left to do!**

This stunning property will leave you with nothing left to do but unpack and enjoy!

The home has 3 bedrooms (2 with built-ins) and a study and has been beautifully renovated throughout.

The spacious and well equipped kitchen will make it a delight to use, our favourite feature is the most beautiful wall to wall window and the best part is, even the adjacent laundry matches. Inside also features a fully renovated bathroom with bath tub and separate shower, and splits throughout.

It doesn't stop there, outside has plenty to offer with a huge 10m x 4m sparkling inground pool with built in spa, outdoor entertainment (6m x 3 m) with lights, fans and automatic sprinklers for minimal yard & garden maintenance.

The kids will be impressed with their own cubby house and sandpit, and you'll be the envy of all your mates with the 3 bay powered shed (7.5m x 13.7m) complete with a granny flat that has bedroom, bathroom, kitchenette and split system air con.

You will be kicking yourself if you miss this one!
