\$1,250,000

Entering into the wide and well-maintained driveway of this property and the overwhelming beauty of this offering becomes immediately apparent. A stylish eco cabin (in addition to the main timber pole home) is fenced off in a private setting overlooking the rainforest creek. This is a one bed one bath modern retreat perfect for a holiday income whilst you live in the main home. Additionally, this eco retreat makes a perfect accommodation for the ground crew who maintain the property and service the holiday bookings, as is its current use. This separate area of the property also boasts a lawn yard area surrounded by stunning tropical rainforest. The bespoke designed home towers in its grandeur and exudes throughout quality and luxury, all set in superb surrounds. Built high above the creek the home boasts 3 generous suspended verandahs that all directly overlook the rainforest creek below. It really is extraordinary! Boasting open plan living, the generous and inviting dining and living space comes complete with a sunken lounge. The home is constructed using massive iron bark poles, exposed cypress pine beams, timber lined ceilings and polished mixed forest red floorboards. From any point here you can enjoy views of the mature rainforest along with the soothing sound of the trickling creek beyond the double French timber doors that really draws you in - connecting with the larger of the three suspended verandahs offering a more intimate view the stunning surrounds. Connecting also to the main verandah via glass and timber bifold windows, the spacious kitchen features polished timber benchtops, ample storage, a gas catering oven and room to move. Bedroom 1 is more like a suite that is built over three levels to take full advantage of the soothing and healing views. The main bedroom up this end of the home features an in-floor spa bath & ensuite bathroom. In line with the high build quality of the whole home, the additional two guest bedrooms along with second bathroom also boast lovely private rainforest views. Bedrooms 1 and three also have access to timber balconies overlooking the rainforest creek. Downstairs - An impressive timber staircase descends to the underneath of the home, which is set up as a huge entertaining space that comes complete with its own lounge, day bed, pool table, bar, storage room, and bathroom number 3 in the home. This whole area takes advantage of the rainforest views with a wall of modern bifold windows and sliding door accesses. This truly is a great space, so generous in size and inviting to family and friends for quality time together. The attention to detail in this home is remarkable. The home is grand in stature and status, a truly beautiful place to live. Power is via a fully automatic 3.5-kilowatt solar system and battery storage bank linked to a separately housed diesel generator backup; a deep groundwater bore; large water tank; and bio-style waste management system. Located only 350 metres from Cow Bay Beach and the azure waters of the Coral Sea. Bonus bike path all the way to the beach. Relaxed tropical living options. Cow Bay is a stunningly beautiful area with fresh air every day, rainwater that's better than bottled water and incredible scenery all around.
