Tranquil, light filled urban sanctuary

Step inside and immediately unwind in this elegant and light filled urban sanctuary filled with stylish interiors in a magical garden setting that will entice and inspire. Behind an exquisite Victorian façade and neat landscaped introduction, this freestanding period home's bright floorplan makes the most of its northern orientation. An impeccably private position adds to the retreat-style ambience, and parking at the front confirms the appeal. Plantation shutters, bespoke cabinetry and pristinely presented spaces grace a layout that comprises two generous bedrooms and a bright, spacious bathroom, while two independent alfresco areas link the indoor to the outdoor. The open plan living room opens to the east and north, with an impressive kitchen and central island creating good foundations for everyday practicality and easy entertaining. A deck, pergola and outdoor shower can be found in the tranquil garden, with outside lighting, a storage shed and security camera adding practicality. Additional features include a Bosch oven and integrated dishwasher, heating and cooling, ceiling fans, a European laundry, gas fireplace and timber floors. Walk a few minutes to the local Morning Market Cafe or enjoy a walk to Orrong Park, Hawksburn Village, High Street's shops, tram stops and Toorak station.
