\$349,000

Located in East Orange in a small complex of only 6, this unit would make a great investment property, first home or downsizer. The kitchen is well appointed for it's size and overlooks the combined dining living area that's serviced by an electric heater and window cooler. Both bedrooms have a built in wardrobe, the bathroom has a shower, vanity and separate toilet. Garaging is well set-up with a lock up garage, undercover carport area that also doubles as an entertaining space. The back verandah overlooks the small lawn area and is adjoining parkland, this is the ideal spot to relax, have a drink and watch the sunset. This great little all-rounder would suit many different buyers and is very affordable.
