\$1,150,000 - \$1,200,000

The modern character of this inviting home's family proportions is complemented not only by a superbly central location but also by the ease and user-friendliness that only single level formats can provide. Precise landscaping and a wide driveway leading to a secure garage accompany the crisp appeal of the façade. Once inside, polished hardwood floorboards and pristine presentation define ideal dimensions, including a living and dining area that's served in style by the contemporary kitchen's stone benches, soft closing cabinetry, stainless steel appliances and walk-in pantry. Four double bedrooms featuring a main bedroom with a walk-in robe and fully-tiled ensuite deliver exceptional accommodation, enhanced by a central bathroom, also fully-tiled, and a separate laundry. Ducted heating and cooling ensure the complete indoor comfort of a design that concludes with substantial alfresco decking and an entertaining space that's the perfect example of the outdoor room - private, instantly appealing and equipped with its own kitchen bench. Millers Junction, Altona Gate Shopping Centre, Altona North Primary School and the Bayside College campus surround this superlative home - yet its cul-de-sac setting remains beautifully quiet.
