PRIVATE SALE (\$1,150,000-\$1,265,000)

Custom built in 1968, this character clinker brick sits amid 870m² (approx.) of beautiful cottage gardens to offer country style seclusion in the esteemed Bailey Heights Estate. Enjoy two grand living areas including a lounge with open fireplace and a picturesque living room opening through sliding doors to the outdoor entertaining area. Two updated bathrooms are set together along the bedroom wing - a bluestone tiled shower ensuite and a family bathroom appointed with two stylish Boca vanities. Generous bedrooms take in views of the rose gardens for a sense of tranquillity. Even the kitchen has a view, overlooking a stunning Sycamore tree and the shady paved al fresco courtyard. Clever features which highlight the detail of a custom build include an oversize double garage, a walk in pantry with spice rack door, a robust terracotta tiled roof, and an open kitchen design, with gas ducted heating, a St George oven, and 2-drawer Fisher & Paykel dishwasher among the updates. With more than 350 stores (and more to come with the \$450million expansion) just 500 metres away at Westfield Knox, it's hard to get a more accessible location. With shops, schools, cafes and restaurants on your doorstep, this charming home in its esteemed enclave captures the perfect balance of 'country serenity' and 'urban amenity'.
