**\$1.78m - \$1.88m**

If 'lifestyle' is at the heart of your search for the perfect family home, then clear your list and begin making plans to call this sensational lifestyle property your own! From a location aspect, the lifestyle setting is hard to beat given recreational parklands are within easy walking distance and city-bound buses, schools, The Pines Shopping Centre and major arterials are moments away. Package the above with this lifestyle-enriching family home boasting sensational indoor-outdoor living, direct access to Pinehill Reserve, a deluxe two-pack kitchen and multiple living areas and it's obvious that a fulfilling family living experience is a given here. With winter here, keep warm in front of the formal lounge's open fireplace, while a large living area at the rear has movie nights with the kids written all over it. Sliding doors also unite the central open-plan living/kitchen area with the lifestyle backyard, featuring a paved undercover entertaining area (with enclosed spa) and large grassed backyard with a saltwater-chlorinated/solar-heated swimming pool. Lovingly maintained over the years and enhanced with four generous bedrooms (ensuite and 'secret room' to main), fully-tiled family bathroom, man cave with built-in wine rack, evaporative cooling, ducted vacuum, ducted heating, loads of off-street parking space, camera surveillance and more, it's an irresistible lifestyle choice!
