ULTIMATE FAMILY HOME – SUITABLE FOR THE TROPICS!

If you have been searching for a home that offers room for your family to play as well as relax, look no further!

- Large fully fly screened patio spanning two sides of the home
- Swimming pool
- Large block 1170m² with an abundance of fenced and shaded yard at the rear
- Two lounge/family rooms
- Renovated "as new" kitchen
- Three bedrooms, master with ensuite plus roomy family bathroom
- Two car lock up plus two car carport

FAMILY is what this home is about. With a separate air-conditioned family room plus an air-conditioned combined dining and lounge, there is room for everyone. The renovated "as new" kitchen with heaps of bench space and cupboards is naturally lit with a large window plus skylight.

Flooring throughout is a combination of tiles in the main part of the house, vinyl planking in the dining and lounge, floating timber floor in the master bedroom and carpet in the secondary bedrooms.

The air-conditioned master bedroom is fitted with both ensuite and walk in robe. The secondary bedrooms are both air conditioned and complimented with built in robes.

A fully fly screened patio offering direct access to the pool enclosure is the perfect relaxation point for you, whilst the children are playing in the pool or back yard.

To top all this off, if you are a family with more than one car you will be happy with the 2 x single garages plus additional carport space.

** PLEASE NOTE: Virtual Furniture has been used in some of these photos.

Call Glenis Wilson to arrange your personal viewing or attend the OPEN HOME on Saturday to ensure you don't miss out.
