Bedrooms: 4

Bathrooms: 4

Parkings: 7

Type: House

Mandy Welling

\$850 per week

Are you ready for the ultimate lifestyle home? Without a doubt the show stopper of this magnificent property is the pool house. In this amazing space is a salt water swimming pool (servicing to be carried out the by Landlord) and a separate juczzi all offering spectacular views out over the northern suburbs and across to the Derwent River. The pool house and living residence are both solar panel assisted. The views from the pool house are only rivalled by the views from the balcony on the main house. A shower and wc are in the pool house also, the perfect place for the whole family to spend some quality time together. The upper level of the house offers three spacious bedrooms, master with ensuite and walk in robe. A large kitchen gives way to a semi open plan lounge and dining room. The views from the living area are spectacular! Downstairs is a huge rumpus (4th bedroom), very generous laundry, ensuite and double garage. Imagine spending warm afternoons sitting on the deck and taking in the views or the kids having a swim while you prepare a BBQ over at the Pool House. Bliss!
