A sea change with so much to offer!

Immaculately presented, this welcoming brick home is situated in the quiet sheltered township of Deep Bay, only a short walk to the water's edge, where you can collect oysters or go for a paddle and explore the beautiful waterways that the Huon River Estuary has to offer.

Warm and inviting, the home features spacious open living, high pine ceilings and water plus valley views. The home is kept cozy from the wood heater, but there is also an instant heating and cooling option with the heat pump. A ducted heat transfer system transfers heat from the living space to all the bedrooms and bathroom for added convenience. Two verandahs flow either side of the home, the front with desirable views, the back looking up to the rural countryside behind.

The accommodation comprises three good-sized bedrooms, the main with a walk-in robe and direct access to the family bathroom, separate powder room and a large laundry.

Bathed in all day sun, this lovely home is comfortable as is whilst offering the potential to add your own touch and increase the homes capital value.

Additionally, the home sits on 1,822m² (approx.) across three titles, and includes a large 6 x12m garage/workshop and a dog pen. The property is on tank water, connected to a septic tank and the property benefits from weekly rubbish collection.

Deep bay is only a 25 minutes' drive from Huonville and within a 10 minute commute of the quaint township of Cygnet where all your local shops and services can be found.

Please call and arrange an inspection today to embrace the beautiful coastal dream.
