In the iconic Fishing-Boat Harbour Precinct. Joyous & content on a quiet double-width street, close to the water and strolling distance to every lifestyle amenity on offer. From the 1920's, extra generous in size & proportion, beautifully refurbished with quality craftsmanship, an endearing north-facing terrace home on a large 284 sqm land of only 2 strata lots, no levies and no body corp. Of rendered limestone and iron, a grand hallway marches passed king-sized bedrooms with ultra high ceilings & built-in robes. Drenched in fabulous natural light and central to the living and sleeping wings, the luxuriously appointed chef's kitchen with stone benches and ample storage for all of your appliances. Sumptuous living and family areas open to the fun alfresco entertaining veranda and rear gardens. The yard area includes a 10sqm workshop/shed with elevated timber floor, offering great potential for possible conversion to a small flat. Totally unique, one very special offering in the Port with nothing to spend, just move in!
