50 Chasselas Avenue Highlights: Four spacious bedrooms and three separate living zones to accommodate everyone comfortably. Two bathrooms for convenience. Including an ensuite to the master bedroom. A modern and stylish kitchen with stainless steel appliances. Secure carport with space for two vehicles. Dive into summer with a sparkling in-ground pool, and enjoy the summer bbq from the covered entertaining area while watching the kids enjoy a swim. Cozy up during winter with a freestanding fireplace. A home where every season is a delight. This property really lends itself to in law accommodation as the 4th bedroom can be used as a granny flat. It enjoys its own lounge room, bathroom, and has easy access from the backyard. Great for a teenage retreat also! Be quick on this one as places like this come along very rarely! Plenty of bang for your buck on this one so be sure to attend the open home this Saturday!!
