This cute little princess has all the original charm from the 50's and is in magnificent condition. Large windows throughout make the house light and bright and the slightly elevated house offers a lovely outlook to the gardens in every direction. The large block gives easy access to the backyard for caravans, boats etc. A large set back from the street allows for a picturesque front garden and privacy. The house is in very peaceful location opposite a garden reserve and Princess Street itself is one of the quietest original streets in 'Old Berry' whilst offering an easy flat walk to the shops, school and train. •?Garden sheds•?Side access•?Large master bedroom•?Large double block
