Striking modern design

This striking modern home is being offered to the market for the first time since its completion in 2019. With immense street appeal, the home offers a neutral colour palette throughout that is accentuated by timber floors and warm tones, with a spacious and flexible floorplan that is perfectly suited to modern living.

The accommodation of the home comprises three spacious bedrooms, a separate study or fourth bedroom, a master walk in robe and en-suite, generous main bathroom, and an open plan living, dining, and kitchen area which benefits from an abundance of natural light. The home also includes a separate laundry, and an oversized single garage with internal access and remote door.

The exterior of the property showcases a low maintenance, easy to care for yard, and a substantial covered patio and fire pit area that is perfectly suited for those that enjoy entertaining. The yard is fully fenced and secure, suitable for both pets and children, whilst also being extremely private and low maintenance. There is plenty of additional off-street parking with room for multiple vehicles and/or trailers and caravans.

This property offers exceptional convenience in a terrific location, where you can walk to Channel Court, Cafes, public and private schools, Kingston Park, public transport hub, numerous recreational reserves, or a little further to the stunning Kingston Beach.
