Offers over \$940,000

The outlook from the rooftop terrace captures perfectly the lifestyle Sunshine Cove offers. Surrounding lake, canal, parks and bikeways make this one of the most appealing city locations you'll find anywhere. 2.5km to the Sunshine Plaza and evolving CBD means waterside paths and cycle ways can take you to work, or simply something to enjoy on days off. This custom-built home combines freedoms of unit living with the full control of house and land ownership. Over three levels there's space to live, entertain or even work from home. Two levels of covered and deck areas connect back to kitchen and open living spaces. The atriums are core to the design bringing natural light and air to the entire home. Other unique features include moveable kitchen island for flexibility of spaces and downstairs media room/home office. If you've been waiting for something you'd be excited to call home, it's time to take a closer look.
