## **Luxe living: beauty and bliss**

A vision, a statement, a luminously luxe home: this gorgeous four bedroom plus study, three bathroom beauty elevates family living to new heights in an unsurpassed position. Poised in a leafy locale, peaceful yet within moments of vibrant High Street, it's a freestanding, single storey stunner set to impress discerning families. Northerly light streams through clerestory windows set high in the glorious gourmet kitchen, dining and family domain. Lavish stone surfaces, exemplary Bosch and Sirius appliances, a butler's pantry and soft-close storage ensure cooks will be in their element, while landscaped surrounds create a scenic backdrop, and a sliding door enables effortless flow to an enticing covered entertainer's deck. Big bedrooms with superb storage include two mains with walk-in robes and fully tiled ensuites. Soak away the cares of the day in the deep freestanding tub of the sophisticated central bathroom, set beside a frameless glass rainfall shower. Completed by a powder room, stone-accented family laundry, Daikin heating/cooling, security features, soaring ceilings, engineered European oak flooring, leadlight and double glazing to most windows, it's thoroughly impressive. Additionally, driveway parking at the front complements an automatic double garage, which accesses a rear right of way and offers direct internal access. A stroll to buzzing High Street's many attractions, trains, trams and parks, it's close to schools and within the esteemed Northcote High zone.
