If you have been looking for more than the average four bedroom home, then this is it. Set on approx one acre at the end of a quiet court this property offers all town services with a rural outlook. Upon entry it will soon become apparent that size is not an issue in this home. The spacious open kitchen dining and living area offers great natural light and leads out to the decked entertaining area which is also fitted with blinds. There is a separate living room, study and not four but FIVE bedrooms. The master suite offers an abundance of space with a walk in robe and generous ensuite. The remaining four rooms are at the other end of the home and are serviced by a central bathroom and separate powder room. The large garage also allows direct access to the home. There is town water, ducted natural gas heating and evaporative cooling throughout the home plus a gas log fire in the main living area for cozy evenings with family and friends. Outdoors there is a 14 x 7m 4 bay shed with concrete and power. Offering both the convenience of town services and the peace of a rural outlook, you can just imagine relaxing on the deck in the evenings and watching the spectacular sunsets our country offers.
