In a spectacular take on beachside living, this three-bedroom home offers a combination of striking architectural design, considered finishes, and a mesmerising coastal outlook, to deliver a unique space for seasonal entertaining and family relaxation. Attention to detail and innovative design are apparent from the outset, as raked ceilings, architectural angles, and floor-to-ceiling glazing underpin the home's distinctive personality, while timber flooring and feature stone walls layer the interiors in texture and natural warmth. At its heart, an open-plan living and dining zone is backdropped by sweeping views that stretch from the Point Lonsdale lighthouse to the Barwon Heads Bluff. Integrated into the space is a stone kitchen with a waterfall-edge breakfast island and a suite of European appliances including Smeg oven and induction cooktop, and Meile dishwasher. French doors open to an elevated balcony providing a tranquil setting to enjoy a morning cuppa or relaxed sundowner, while an alfresco barbeque patio is oriented to maximise northerly sunshine. Private and tranquil outdoors continue via lush cascading gardens, easy-care plantings, and a glass-fenced hot tub which combine to create a wonderfully laidback lifestyle setting. When the weather turns, you can retreat indoors to the relaxed comfort of the stone and glass-wrapped sitting room, or bask in the rich character and coastal outlooks of the upstairs lounge. The home's distinctive angled design continues into its three bedrooms including the main suite with a fitted walk-in robe, which are comfortably served by two bathrooms. Hydronically heated with additional reverse cycle air conditioning, this captivating residence also comes with an eye to the future with a 5kW solar electricity system. Complete with a single lock-up garage with convenient under-house storage plus driveway parking for three further vehicles, this truly one-of-a-kind property sits in a community-minded locale, accessible to schools, sporting facilities and the Marketplace Shopping Centre, local pub, cafes, and world-class beaches.
